Building Stronger Communities

NeighborWorks Week: Neighbors Together

Resident Leaders and Young Adults Working Together

We are happy to announce our **fifth year** of the Neighbors Together half-day of training for neighborhood leaders. In previous events, concerned neighborhood leaders like yourself have shared how important it is to engage young adults and prepare them for future leadership roles. Taking your advice, we are focusing this year's event on resident leaders and young adults working together for stronger communities!

Whether you are 19 or 90, or somewhere in between, the Neighbors Together event will help you develop skills to build partnerships across generations that result in healthy and thriving communities.

How can we blend the voices and talents of young people, middle aged and older adults to create communities where we all belong? What does it take to be an effective leader in your community? Come to Neighbors Together to learn new skills that will help you build stronger, more resilient communities.

Neighbors Together is bringing in national experts on community leadership to METRO ATLANTA for a dynamic day of training. You will learn to identify the personal strengths and skills you bring to leadership roles in your community and ways to build on them.
